*“Now I can visualise my idea and say, okay, this is what it’s going to be. I’ve got the support network, I’ve got the mentors. It’s just literally about doing it in a way that’s sustainable.”*

*Rosina Al-Shaater, Green Skills Cohort*

*“The programme has helped a lot in developing a clear vision in how my ideas can align with the values of a CIC to making it successful business.”*

*Keyane Allman, Social Enterprise Incubator Cohort 1*

# Funding Impact

## Funding Impact

**70**

**Fully funded  
businesses**

**£192,625**

**Of secured and  
supported funding**

*"Thanks to the funding from BSWN, 150 families impacted by the Cost-of-Living crisis received fresh food produce, hot meals, and access to welcome spaces in St Judes and Redcliffe. This funding has not only helped families struggling to pay bills, but also supported individuals with mental health challenges by providing them with social opportunities.*

*We would love to thank BSWN, you can see how impactful this help has been for people in our community especially young mothers."*

*Khalil Abdi, Director of  
Bristol Youth Horn Concern*
